### News Release - Manitoba

February 3, 2015

**MANITOBA GOVERNMENT ESTABLISHES COMMISSION TO CREATE ROAD MAP FOR PROVIDING UNIVERSALLY ACCESSIBLE EARLY LEARNING AND CHILD CARE**

---

**Children Thrive when Given an Early Start: Minister Irvin-Ross**

The Manitoba government has established a commission to look at ways to redesign Manitoba's early learning and child-care system to guide future plans including developing options to create universally accessible early learning and child care for all Manitoba families who need it. Family Services Minister Kerri Irvin-Ross said today.

"Our long-term economic future looks bright but we must ensure that every parent has an equal opportunity to participate in the workplace and we must provide every child with the best start to succeed," Minister Irvin-Ross said. "Manitobans have told us very clearly that high-quality early learning and child-care services are essential for helping many families and children achieve those goals."

The announcement was made at NorthWest Early Learning Childcare Centre's infant centre at ACCESS NorthWest at 785 Kiewit St. There are 12 new infant spaces at the centre, funded by Manitoba Family Services' early learning and child-care program at an annual cost of \$131,820.
